

# Boltrends

In dit onderstaande sneak preview voorbeeld zie je producten waar **veel vraag** naar is maar nog **weinig aanbod**.

The screenshot shows the Boltrends interface. On the left is a dark sidebar with navigation options: 'RESEARCH', 'Zoekvolume', 'Trending', and 'Kanshebbers'. The main content area is titled 'Kanshebbers' and contains explanatory text and a table of search terms. The text explains that the list shows the largest search terms with low competition and that competition is determined by the number of product page results (up to 5) or competing products (up to 150). It also notes that the data is from Week 50 of 2020. A 'Toon' dropdown is set to '100 rijen'. The table has columns for 'Positie', 'Zoekwoord', 'Volume', 'Pagina's', and 'Aantal Resultaten'. The first two rows are clearly visible: 'ijspegelverlichting' at position 41 with a volume of 13310 and 25 results, and 'instax mini 11' at position 124 with a volume of 6073 and 25 results. The rest of the table is blurred.

Positie	Zoekwoord	Volume	Pagina's	Aantal Resultaten
41	ijspegelverlichting	13310	2	25
124	instax mini 11	6073	2	25
...	...	...	...	...
